# The Regensburg Course in Facial Plastic Surgery

## Scientific Program

**A. Berghaus**  
**K. D. Boahene**  
**A. D'Souza**  
**W. F. Larrabee jr.**  
**K. S. Moe**

**P. Palma**  
**J. Rowe-Jones**  
**D. Sherris**  
**R. Siegert**  
**J. Sykes**

Under the auspices of the EAFPS

**Directors:** H.G. Gassner, Th. Kühnel, O. Friedman  
**Program chairs:** J. Strutz, W.F. Larrabee jr., D.A. Sherris  
**University of Regensburg, Dept. of Otolaryngology**  
**Chair:** J. Strutz

In cooperation with the Department of Anatomy, Chair: E. Tamm  
and the Department of Maxillofacial Surgery, Chair: T. Reichert  
In collaboration with MAYO CLINIC

## Welcome

We would like to welcome you to the Regensburg Course in Facial Plastic Surgery 2009. This course has been designed in close collaboration with Mayo Clinic, the excellent didactic concept of the Mayo Clinic course has been assimilated in an effort to provide you with the best possible didactics and hands on training. We are honored to be joined by some of the finest surgeons in the field of facial plastic and reconstructive surgery.

Our goal is to present skills and knowledge that are applicable to your everyday practice. An important aspect of our course philosophy is close interaction and communication between the faculty and the course participants. We hope you will find ample time for discussion and conversation in a warm and relaxed atmosphere, both within and outside the scientific program.

Besides the educational aspects, Regensburg offers a spectacular array of historic sites in the welcoming atmosphere of a wonderfully kept medieval town center. We hope you will find the time to enjoy the Regensburg UNESCO world cultural heritage. Please do not hesitate to contact our course secretary Irmgard Scherübl, if we can provide you with information that can make your stay more pleasant.

The only way to constantly improve is by identifying and correcting weaknesses. This applies to the art and skill of surgery as well as to the organisation of a surgical course. We would therefore like to ask each participant to provide us with feed back by filling out the evaluation forms in your congress bag and returning them to the congress secretary. The course directors will personally go over each form and will make every effort to incorporate your suggestions into next years course.

If you liked the course, please direct your friends and colleagues to our website ([www.facial-plastic-surgery.eu](http://www.facial-plastic-surgery.eu)) for registration for the **Regensburg Course 2010**, which will take place from **June 10–13<sup>th</sup>**.

Thank you again for joining us.

Yours very sincerely

Jürgen Strutz  
Holger Gassner  
Thomas Kühnel  
Oren Friedman

## The Regensburg Course in Facial Plastic Surgery

April 29–May 2, 2009

### Program

#### Wednesday Apr 29th

08:00		General registration
08:30-09:00	Strutz Palma Rowe-Jones	<b>Welcome and Introduction</b> The auspices of the EAFPS The EAFPS fellowship program
09:00-10:30	Gassner (Mod.) Sherris	<b>Facial Reconstruction</b> Facial and nasal reconstruction Reconstruction of the lip Eyelid reconstruction Auricular reconstruction
	Roldán Moe Siegert	
10:30-10:45	Break	Coffee with the exhibitors
10:45-11:45	Kleinjung (Mod.) Hilber D'Souza Siegert	<b>Otoplasty</b> Surgical anatomy Otoplasty: The techniques Otoplasty: Personal philosophy
11:45-12:00	Break	Coffee with the exhibitors
12:00-13:15	Strutz (Mod.) Kleinjung Prantl Sykes	<b>Blepharoplasty</b> Surgical anatomy of the eyelids Analysis of the periorbita Blepharoplasty: Surgical techniques and indications Open structure blepharoplasty Blepharoplasty: Refinements and adjunctive techniques
	Moe Larrabee	
13:15-14:00	Break	Lunch with the exhibitors
14:00-15:45	Strutz (Mod.) Gassner	<b>Face Lift</b> Surgical anatomy of modern face lift techniques The various face lift techniques: A critical appraisal Face Lift: Revisions and difficult cases SMAS and deep plane Face Lift – lessons from 5000 cases
	Sykes	
	Sherris	
	Larrabee	
15:45-16:00	Break	Coffee with the exhibitors

### Program

16:00-16:45	Larrabee (Mod.) Sykes Reichert	<b>Chin augmentation</b> Mentoplasty Sliding Genioplasty
16:45-17:45	Kühnel (Mod.)  Sykes	<b>Endoscopic Face Lift Techniques</b> Endoscopic brow lift: Anatomy and techniques Endoscopic mid face lift Temporal lift
	Sherris Larrabee	
17:45-18:00	Break	Coffee with the exhibitors
18:00-19:15	Sherris (Mod.) Moe	<b>Facial Reanimation</b> Facial Paralysis: Analysis and treatment algorithm The periorbital complex in facial reanimation surgery Dynamic muscle transfer and nerve grafting
	Berghaus	
	Boahene	

#### Thursday Apr 30th

08:00-14:30	Rowe-Jones, Sykes (Mods.)	<b>Live Surgery</b> Rejuvenation techniques and rhinoplasty
14:30-15:00	Sykes	<b>Surgical indications</b> Patient selection-avoiding trouble
15:00-16:30	Strutz (Mod.) Rowe-Jones	<b>Rhinoplasty I</b> Anatomy and analysis for rhinoplasty Endonasal rhinoplasty – personal philosophy The crooked and oversized nose
	Berghaus	
	Palma	
16:30-16:45	Break	Coffee with the exhibitors
16:45-18:00	Wagner (Mod.) Rowe-Jones Palma	<b>Rhinoplasty II</b> Primary nasal tip surgery Subtle refinements and endonasal tip plasty Saddle nose repair
	Sherris	
19:30	Course Dinner	

### Program

#### Friday May 1st

08:00-14:00	Wagner, Larrabee (Mods.)	<b>Live Surgery</b> Rejuvenation techniques and rhinoplasty
14:00-15:00	Palma (Mod.) Kühnel Hosemann Wagner Mesbahi	<b>Rhinoplasty III</b> The open approach Osteotomies Grafts in septorhinoplasty Alar base reduction
15:00-15:15	Break	Coffee
15:15-16:15	Kühnel (Mod.)  Müller-Vogt  D'Souza  Moe	<b>Facial Trauma and approaches to the orbit</b> The transconjunctival approach in trauma surgery Fractures of the naso-ethmoid complex Advanced and endoscopic periorbital techniques
16:15-17:45	D'Souza (Mod.)  Larrabee Gassner Sherris Larrabee	<b>Lipostructure, Botox, Fillers, Lasers and Peels</b> Lipostructure Botulinum Toxin Fillers Lasers and Resurfacing: The Larrabee Center experience
17:45-18:00	Break	Coffee
18:00-18:45	Larrabee (Mod.) Sherris Sykes	<b>Live Demo</b> Botox Restylane
19:00	Strutz Larrabee Gassner	<b>Closing remarks</b>

#### Saturday May 2nd

09:00-14:00		<b>Anatomic dissections</b> <b>Part 1:</b> Rhinoplasty, endoscopic and classic Face Lift <b>Part 2:</b> Auricular reconstruction
