

## Dissections

### Dissection Chairs:

**E. Tamm**  
**T. Reichert**  
**R. Magritz**

### Workshop auricular reconstruction (June 13)

The carving of an auricular framework will be taught by one of Europe's leading experts, Ralph Magritz. An established synthetic model will be utilized to practice the fabrication of the framework step by step.

**Registration:** [www.facial-plastic-surgery.eu](http://www.facial-plastic-surgery.eu)

### Anatomic dissections (June 13)

The anatomic dissections are already booked. Please visit [www.facial-plastic-surgery.eu](http://www.facial-plastic-surgery.eu) to register for the waiting list.

### The Regensburg Course in Sinus Surgery (March 21-23, 2010)

Please visit [www.hno-kurs.de](http://www.hno-kurs.de) for registration (Course language: German)

## General Information

### Congress Venue

University Hospital Regensburg  
Major Lecture Hall  
Franz-Josef-Strauß-Allee 11  
93053 Regensburg  
Germany

# The Regensburg Course in Facial Plastic Surgery

**F. Apaydin**  
**A. Berghaus**  
**K. D. Boahene**  
**O. Friedman**  
**W. Heppt**  
**R. Magritz**  
**K. S. Moe**

**C. Murakami**  
**J. Rowe-Jones**  
**M. Scheithauer**  
**D. Sherris**  
**J. Sykes**  
**J. A. Tasman**

Under the auspices  
of the EAFPS

**Directors:** H.G. Gassner, Th. Kühnel, U. Müller-Vogt,  
**International Director:** O. Friedman  
**Program Chairs:** J. Strutz, J. Sykes, D. A. Sherris  
**University of Regensburg, Dept. of Otolaryngology**  
**Chair:** J. Strutz

In cooperation with the Department of Anatomy, Chair: E. Tamm  
and the Department of Maxillofacial Surgery, Chair: T. Reichert  
In collaboration with MAYO CLINIC

## Welcome

### Dear Colleagues and Friends:

After the wonderful success of the 2009 course, we would like to invite you to join us for more outstanding surgical training in a spectacular environment. We have incorporated your feedback in an effort to further improve the scientific program for "The Regensburg Course in Facial Plastic Surgery 2010", which will take place from June 10 – 13.

The course program is specifically designed to teach a balanced variety of facial plastic surgery techniques. Outstanding faculty from Europe and the USA have been invited to train you in:

Sub-SMAS and Deep Plane Face Lift, Endoscopic Face Lift, Blepharoplasty, Periorbital techniques, Rhinoplasty, Liposculpture, Lasers and Peels, Fillers and Injectables (Live Demo), Facial Reanimation, Facial Reconstruction, Otoplasty.

Moreover special sessions on periorbital approaches for "TONES" (Transorbital neuroendoscopic surgery) and "Incisionless Otoplasty" will be included. The lecture series features multiple surgical videos and focuses on step-by-step demonstration of the various techniques. Surgical procedures will be shown direct from the operating room. Injections of Botulinum toxin and fillers will be demonstrated in the auditorium.

Each participant will receive a dissection manual produced in collaboration with Mayo Clinic. All instructions are in English. The program chairs have taken special care to ensure clear and concise presentation and didactics so that participants who are not fluent in English will easily be able to follow the program. For registration, please visit

[www.facial-plastic-surgery.eu](http://www.facial-plastic-surgery.eu)

Regensburg is one of Germany's most wonderful medieval towns, relaxing yet vibrant. Please let us welcome you to the "The Regensburg Course in Facial Plastic Surgery 2010" and to the charming beauty of our city, a UNESCO world cultural heritage.

Jürgen Strutz  
Holger Gassner  
Thomas Kühnel  
Uwe Müller-Vogt  
Oren Friedman

Program		
Thursday June 10 <sup>th</sup>		
07:30-08:30		<b>General Registration</b>
08:30-09:00	Strutz Tasman Rowe-Jones Sykes  Friedman	<b>Welcome and Introduction</b> The structure of the EAFPS The EAFPS fellowship The AAFPRS President-Elect's address The Mayo Clinic collaboration
09:00-10:45	Murakami Gassner Friedman Sykes Sherris Sykes	<b>Face Lift</b> Moderation Surgical anatomy SMAS Face Lift – step by step Lipostructure Selection of technique Difficult face lift
10:45-11:00	Break	Coffee with the exhibitors
11:00-12:30	Friedman, Moe	<b>Live Surgery</b> Moderation
12:30-13:30	Break	Lunch with the exhibitors
13:30-15:00	Berghaus Magritz  Murakami Gassner Friedman Berghaus	<b>Otoplasty</b> Moderation Otoplasty: Personal philosophy Difficult and dysplastic ears Incisionless otoplasty Splinting otoplasty Revision otoplasty
15:00-15:30	Break	Coffee with the exhibitors
15:30-17:30	Scheithauer Apaydin Rowe-Jones Kühnel  Hosemann  Friedman Heppt Berghaus	<b>Rhinoplasty I</b> Moderation Difficult septoplasty Anatomy and analysis The open approach – finesse and subtleties Osteotomies – minimizing trauma Management of the dorsum The nasal valve Endonasal rhinoplasty – personal philosophy
17:30-17:45	Break	Coffee with the exhibitors

Program		
17:45-19:00	Kühnel Boahene  Haubner  Tasman  Friedman  Murakami	<b>Endoscopic Face Lift Techniques</b> Moderation Surgical anatomy of endoscopic face lift techniques Endoscopic removal of forehead lesions Endoscopic brow lift – the surgical technique step by step Advanced management of the periorbital complex Endoscopic mid face lift
Friday June 11 <sup>th</sup>		
08:00-15:00	Sherris, Gassner, Tasman, Boahene	<b>Live Surgery</b> Moderation
10:00-10:15	Break	Coffee with the exhibitors
12:00-12:40	Break	Lunch with the exhibitors
15:00-16:15	Scheithauer Tasman Rowe-Jones  Apaydin Gassner	<b>Rhinoplasty II</b> Moderation Revisional Rhinoplasty Primary nasal tip surgery and nasal tip sutures Difficult tip surgery Open rhinoplasty through the endonasal approach
16:15-16:30	Break	Coffee with the exhibitors
16:30-18:00	Hosemann Murakami Scheithauer Sykes Friedman	<b>Rhinoplasty III</b> Moderation Saddle nose repair The deviated nose The cleft rhinoplasty Complications
19:30		<b>Course Dinner</b>

Program		
Saturday June 12 <sup>th</sup>		
08:00-08:50	Friedman Reichert Sykes	<b>Chin augmentation</b> Moderation Sliding Genioplasty Mentoplasty
08:50-09:15	Sykes	<b>Patient selection in facial plastic surgery</b>
09:15-09:45	Break	Coffee with the exhibitors
09:45-11:30	Reichert Gassner  Müller-Vogt Sherris Murakami Roldán Moe Magritz	<b>Facial Reconstruction</b> Moderation Botulinum Toxin: Reconstructive applications Management of keloids Facial reconstruction Nasal reconstruction Reconstruction of the lip Eyelid reconstruction Auricular reconstruction
11:30-12:30	Break	Lunch with the exhibitors
12:30-14:00	Sherris Moe  Huber Berghaus Boahene Boahene	<b>Facial Reanimation</b> Moderation Facial Paralysis: Analysis and treatment algorithm Botulinum toxin in facial paralysis The periorbital complex Dynamic muscle transfer Nerve grafting
14:00-14:15	Break	Coffee with the exhibitors
14:15-15:45	Gassner Boahene Prantl  Moe  Sherris  Murakami	<b>Blepharoplasty</b> Moderation Surgical anatomy of the eyelids Psychometric analysis of the periorbital complex Upper eyelid and open structure blepharoplasty Lower blepharoplasty with adjunctive procedures Transconjunctival techniques

Program		
15:45-16:00	Break	Coffee with the exhibitors
16:00-17:40	Sykes Müller-Vogt  Gassner  Kühnel  Moe  Boahene	<b>Transorbital neuroendoscopic surgery</b> Moderation The transconjunctival approach The precaruncular approach for TONES Selection of approach to the anterior skull base TONES: Advanced applications Transblepharoplasty approach
17:40-18:00	Break	Coffee with the exhibitors
18:00-19:00	Murakami Heppt  Sykes  Hohenleutner Friedman	<b>Lipostructure, Botox, Fillers, Lasers and Peels</b> Moderation Botulinum Toxin – Advanced cosmetic uses Fillers: Products, patient selection and techniques Laser tattoo removal Chemical peels – indications and technique
19:30-19:45	Gassner Sykes Meyer	<b>Live Demo</b> Moderation Botox Fillers
19:45	Strutz, Friedman, Sherris	<b>Closing remarks</b>
Sunday June 13 <sup>th</sup>		
09:00-14:00	Part 1  Part 2	<b>Anatomic dissections</b> Endoscopic and classic face lift, rhinoplasty Auricular reconstruction
